

MEMBERS OF THE BOARD OF DIRECTORS OF THE Y-12 EMPLOYEES CREDIT UNION and Y-12 officials gathered recently for ground-breaking ceremonies for the new home of the organization. From left are C. V. Ketron, A. M. Schrader, W. E. Davis, Y-12 Plant Superintendent Robert G. Jordan, J. P. Blakely, T. J. Stephens, Mrs. Lorena Causey, Treasurer Manager of the Credit Union wielding the golden spade used in the ceremony; Credit Union President W. R. McGill, Fred Wilkinson, E. G. Richardson, Y-12 Superintendent of Industrial Relations George W. Flack and W. C. Moisson.

HERE IS THE ARCHITECT'S SKETCH OF THE NEW HOME of the Y-12 Employees Credit Union, expected to be ready for occupancy in the early fall.

Connivers Surprise Newsman At 'Wake'—

Former Editor Of The Bulletin Is Honored By Around 60 Friends At Retirement Dinner

'Man Who Came To Dinner' Turns Out To Be Son Of George Whipple Dobbs, Sr.; Event Enjoyable

Recently retired editor of The Bulletin, one George Whipple Dobbs, frequently has referred in the past to his retirement party as his "wake." The affair, held at the Holiday Inn, Oak Ridge, last Wednesday night, March 29, turned out to be anything but a wake.

More than 60 of Dobbs' friends gathered to honor the veteran editor. The stag party held a tremendous surprise for the retiring editor with arrival of his only son, George W. Dobbs, Jr., of Washington, D. C. The younger Dobbs is with the United States Naval Research Laboratory in the nation's capital. The two had not seen each other in more than two

years. Dobbs' only other child, Mrs. Roger Hansel, of Arlington, Va., was unable to come down to honor her father.

"Conspiring" Ran For Month

The "conspiracy" to get Whipple the Second to Oak Ridge started rather innocently about a month ago when George's two co-office residents wrote the son and daughter for written statements to read at the dinner for the retiring editor. Young Dobbs responded, "I'll be there, let me know the details, and I'll read my statement in person." So, he truned out to be "The Man Who Came To Dinner."

Days of whispered conversations and smoke signals sent from one desk to the other in Room 149, Bldg. 9704-2 over the unsuspecting head of Editor Dobbs, finally accomplished the feat. Then the big day arrived. About 12:30 o'clock last Wednesday afternoon the phone interrupted a busy schedule of cleaning out a very messy desk. GWD, Sr. answered the phone . . . never recognizing his own son on the other

MRS. LORENA CAUSEY, Treasurer Manager of the Y-12 Employees Credit Union, is not starting her spring plowing—she is shown in the closeup picture tossing the first spadeful of dirt in ground-breaking ceremonies for the organization's new building. At right Credit Union President W. R. McGill is looking on approvingly.

Y-12 Credit Union Plans Building; Construction Work To Start In May

Organization First In Oak Ridge To Have Own Home To Culminate Years Of Hopes By Directors

Taking a big step forward toward a long-sought goal, members of the board of directors of the Y-12 Employees Credit Union, with Treasurer-Manager Lorena Causey wielding a gilded spade, broke ground on Thursday, March 16, for a new and permanent home for the organization. The one-story brick building with full basement of modern architectural design is to be located on Lafayette Ave., between that main thoroughfare and Midland Road.

First In East Tennessee

The Y-12 Credit Union will be the first organization of its type to own its own home in Oak Ridge and in all of East Tennessee, it is believed.

The new home of the Credit Union is to be constructed on an elevated lot of approximately two acres in size, purchased from an Oak Ridge Real Estate Co.

The location will be convenient for all members of the Credit Union transacting business there, being less than one-quarter of a mile from the present location in old Midway entrance building.

All Operation Together

Light-colored brick will be used on the outside of the structure, which will be 69 feet by 33 feet in size and contain 4,800 square feet of floor space. This will be ample to house all operations of the Credit Union under one roof for the first time since the early days of the organization. The building was designed by the Knoxville architectural firm of Painter, Weeks and McCarty. This firm designed the Knoxville Promenade group of buildings, the Knoxville Market Square Mall, the new Knoxville Auditorium and other buildings.

The architects will ask for bids on the new building within the next few days and construction is expected to begin early in May. It is hoped that the structure will be ready for occupancy in the early fall.

Years Of Planning

"This project culminates years of planning and hopes by the

Monday Is Deadline To Pick Up Badges

Yellow Bordered Badge Back In New Change

Next Monday at midnight is the deadline for picking up new badges at the portals in the current quarterly badge exchange. After Tuesday, April 11 new identifications must be picked up at the Badge and Pass Office, Bldg. 9704-2.

The new badges, with a yellow bottom border, are currently available at portals of regular entry for all Y-12ers. In numerical order at each entrance, the badges must be replaced with the old solid blue badges.

AICE Meeting Will Hear Filtration Expert April 12

The Knoxville-Oak Ridge Section of the American Institute of Chemical Engineers will hold their April meeting next Wednesday, April 12 at 8 p.m. in the Continental Room of the Oak Terrace, Oak Ridge. Dr. D. A. Dahlstrom, vice president and director of research of the Eimco Corp., and AICChE council member, will discuss "Recent Advances in Continuous Filtration Technology," and mention briefly the activities of the national AICChE.

Members and prospective members are invited to attend. A social hour will follow the meeting.

'Thanks A Million And God Bless You' Final Message Of 'Editor Emeritus' To All Y-12ers

By George Whipple Dobbs, Sr.
Editor Emeritus
The Y-12 Bulletin

That "last long mile" that led to the conferring of the title of "editor emeritus" on this newsman passed so rapidly with such a multitude of epochal events that an accurate recording for history is mighty tough. In winding up the Strictly Confidential column last week the Cylum Conductor, who, to the surprise of practically no one, also was editor of The Bulletin, promised to provide his last contribution this week—here 'tis—and bring along a crying towel if needed.

Mixed Emotions Felt

Those last few days provided a gamut of mixed emotions—often bringing reactions generally known as "choking up"—particularly in answering the so frequently uttered "We're going to miss you" and similar remarks. Surprise after surprise was "pulled" during that last week.

There was a birthday-retirement party tendered by departmental reporters. Then came the biggest one when my son strolled into the retirement dinner given last Wednesday night at the Holiday Inn.

However, what the writer started out to try to do was to find words that could express his gratitude to every Y-12 employee for his and her part in assisting the editor hold on for almost 16 long years and endeavor to inform, entertain and instruct readers on the happenings in the plant. Whatever success he attained was the result of the marvelous cooperation given by every Y-12er—from plant superintendent on down.

Not An Exaggeration

That is not an exaggeration in any manner. No "one-man band" editor can make a success of a publication without the wholehearted support of his aides and contributors.

Backing up a couple of paragraphs, I find out that there just aren't suitable words in any dictionary to describe his feelings on this—the last day as a Y-12er. I threatened to write a book once on "Bosses I Have Worn Out." However, on reflection—it would not be appropriate or fitting in reference to the many fine supervisors who have aided in solving the many problems arising over the years—so that's out.

Let's just close with a simple message to everyone—

"Thanks a million—and God bless you."

Support New Editor Young

I don't think a postscript is necessary—but here is one anyhow. As a final request—just give the same cooperation given me to my successor, Jim Young, and he will continue to produce The Bulletin on just as high a scale and standard as it has been done in the past.

Safety Sets Deadline For Picking Up Awards

Corning Ware Still Not Delivered To Y-12ers

Y-12ers, who have not picked up their "big" safety awards, are reminded that the deadline for picking up these awards is Friday, April 14, 1961. Awards are available at the Safety Department office, Room 152, Bldg. 9704-2.

This deadline does not, of course, apply to the Corning Ware selection. All of these items have not been received by Safety. When delivery is accomplished on this item those Y-12ers selecting this award will be notified in The Bulletin.

Miss Emma Sue Honeycutt

HONEYCUTT-FRITTS

A summer wedding is planned for Miss Emma Sue Honeycutt and Robert Clyde Fritts. The bride-to-be is the daughter of Mr. and Mrs. Sherley Honeycutt, of LaFollette, Tenn., her father being in the Guard Department, and one of Y-12's favorite people at the main entrance of Bldg. 9704-2.

Miss Honeycutt is a graduate of LaFollette High School and will graduate from the Draughon Business College, Knoxville, in June. Her fiancé, the son of Mr. and Mrs. L. F. Fritts, also graduated from LaFollette High School and is presently employed with the LaFollette Sales Company.

The scene of the wedding will be the Calvary Baptist Church in LaFollette.

JAPS DEVELOP HARBORS

The Japanese transportation ministry's harbor council has recommended a 10-year program to develop harbors at Tokyo, Chiba and Yokohama. The program will cost \$650,000,000.

America unquestionably has the highest standard of living in the world. Hardly any of us can afford it.

Wives can find many spring-cleaning aids at the grocery, the five-and-ten, the hardware store, and out on the golf course. "Husbands and wives—little children lost their lives" over puns better than that one, so before being led away to the guillotine, let's glean a few items from around the grounds, starting with—

CHEMICAL

Product Processing sends sympathy to **B. F. Wright**, whose father Raymond Wright died March 26, in Lenoir City.

FINANCE AND MATERIAL

Property properly reports in with news that **Clifford Anderson** is vacationing this week at home in Maryville. **Roscoe Angel** and wife enjoyed the Easter holidays with their daughter, Sue, at home from Emory and Henry College.

From the Mail Room comes a post card which everybody read stating that **Oral Hartman** spent last week vacationing at home in Knoxville.

Plant Records speeds recovery wishes to **Emma Puckett**.

T. J. Stephens of Engineering Records spent the holidays trout fishing in the streams of Georgia in spite of what the chamber of commerce says about East Tennessee. **Helen Ross** and family are vacationing this week on the beaches of Florida.

Reproduction passes on the word that **Pearl Lindsay**, and **Sam** (he's in Y-12's General Machine Shop) are vacationing for two weeks in Sarasota, Fla. . . .

There's nothing in the world like hard work — and wouldn't it be a frightening thing if there were?

SHIFT SUPERINTENDENTS AND UTILITIES

Utilities utilizes its space to say that **T. R. Lester** is just staying at home taking it easy for vacation. . . . **L. R. Bailey** took his vacation to rest at home especially now that crappies are biting, likewise for **O. F. Jordan**. . . . **R. D. Freels** is in the Baptist Hospital, Knoxville, and good wishes are sent that way. . . . **C. E. Oney** is also sent best wishes in the hospital for surgery. . . . **J. A. McLain** and family visited his sister in Charlotte, N.C. over the long week-end past. . . . **J. L. Finchum** and family visited his brother in Atlanta, Ga. over Easter week-end. . . . **M. G. Crouch** with his mother and brother recently visited in North Carolina where his aunt is ill. . . . **K. E. Caughron** and family visited relatives recently in Cosby, Tenn. . . . **Jack Barnette** and his family visited his parents in Iuka, Miss. . . .

Utilities rolls out the welcome mat to **J. A. Wade**, transferred from the Cafeteria and to **J. O. Wiseman** from Alpha One. . . . The SS Office sends **Clara Mae Smith** its best wishes for recovery after returning home from Ft. Sanders Hospital.

The Steam Plant reports that **J. D. Sweeney** took his family over into North Carolina recently to visit relatives. . . . **R. P. Mann** and family spent the holidays over in West Tennessee. . . . **E. E. Spradlen** is taking it easy at home on his vacation.

A Shifters in the Division all got together on their long break, which ended today, and took off to Whites Creek. . . . they were **C. G. Wilson**, **L. D. Carlton**, **K. H. Wright**, **J. L. Hart** and "Scotty" Elsbree.

An easy way to forget all your little troubles . . . GET YOURSELF A BIG ONE.

INDUSTRIAL RELATIONS

From the Cafeteria comes word that **K. D. Patterson** is recuperating at home in Morristown from surgery and good wishes are sent along. . . . **Willie Braden** is spending her vacation at home in

Oliver Springs entertaining her daughter and three grandchildren visiting from Hayward, Calif. . . . Sympathy is extended **Rosa Lowe**, whose niece was killed March 30, in an automobile accident.

Liz Campbell, Fire and Guards, got outa her wigwam long enough to send up a few smoke signals. . . . saying that **Capt. H. W. Krouse** is vacationing in Memphis visiting relatives. . . . and **Guard S. L. Ray** is radiating happiness these days over his 21-year-old daughter **Jimmie**, who has just been accepted as a stewardess with Delta Airlines. She'll be training two weeks each in Memphis, New Orleans and Atlanta beginning May 1. She is a grad of South High School and Knoxville Business College, and more will be forthcoming on this item.

Most teenagers know the value of a dollar these days . . . about three gallons of gasoline.

ENGINEERING

Industrial Engineering brings in the tidings that "Young" **Bob Slusher** (maybe not so young as he thought) is ailing after jumping a water hole; came up with a "crick" in his back, promises to wade next time. . . . **C. K. Sanders** vacationed at home in Knoxville. . . . Adieus were said to **Charles Knight**, recent co-opper, and a welcome given **Charles Pardue** recently piped in for the same purpose. . . . **Jim Hodges** is walking the floor of late, getting in practice.

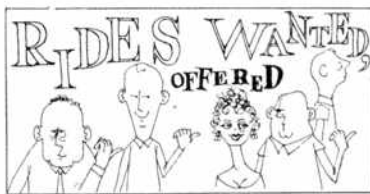

From down in Engineering Mechanics comes news that **C. B. Tolliver** had a rough time on his recent trip to Amarillo, Texas, and Cleveland, Ohio. . . . he ran into a snow storm on the way to Texas and was delayed several hours. . . . when he got to Cleveland he found he did not have a return ticket to Knoxville (some people just can't take a hint). . . . **W. B. McGill** is welcomed back after being hospitalized. . . . Co-opper **B. W. Wright** is welcomed back for his second stint. . . . **J. S. Cobb** is vacationing visiting relatives in Corgin, Ky., Cincinnati, Ohio; while **B. D. North** is heading for Florida to soak up some sunshine. . . . **Gene Barnes** reports storm clouds at home. . . . her two children Marilyn and Eugene both have the chicken pox, and are constantly bickering over which one has the most chicken pox!

Wearing an Easter bonnet of "shocking pink," **Frank Fuis**, Mechanical Engineering was the star of the big pee-rade and it was even believed the headgear was taken for the rising sun at the daybreak services at Blankenship Field. . . . Meanwhile, **Willard Mabe** plucked his wabbit eggs up in Glaxo, Va., while vacationing. . . . **Bob Bohannon** wanted to see if the Easter bunny could swim so he went fishing in Norris Lake last week. . . . **H. E. Neeley** and family week ended in Bristol, Va. . . . **Baldy Clayton** couldn't find any place better than Montgomery, Ala., for his vacation. . . . **Gary Martin** was the wise chap—he went to Florida. . . . **Ed Palmer** attended the boat show in Knoxville last week to obtain tips on how to conduct himself on his projected nautical jaunt to Florida. . . . **Bill Gent** and **Ray Tiller** were on hand at that big sports automobile road race at Sebring, Fla. . . . **Don Stinnett** decided to stay in Oak Ridge and rest for his vacation. . . . **Nora Moss** is vaca-

A SLICE OF ENGAGEMENT CAKE for all was the order of the day at the coffee party given to honor **Nora Moss**, Mechanical Engineering, seen cutting the cake. At left is **Nora Hurst** and **Clara Hickey**, who with **Verna Peckman** engineered the party. At right is **Lettie Ault**. Present but not shown in the picture were **Esther Moody**, **Marjorie Gilliland**, **Peggy Silver**, **Madge Keck**, **Fran Willie**, **Lillian Higgins**, **Mildred Lister**, **Ronnie Stenglein**, **Doris Thomas**, **Gene Barnes**, **Francis Patton**, **Evelyn Crouse**, **Betty Rose**, **Dot Brown**, **Helen Long**. Those also in on the planning who were unable to attend were **Peggy Hardin**, **Ann Rackley**, **Kay Sideris** and **Joyce Williamson**. The bride-to-be received a handsome white piece of luggage from her friends, and there was coffee and cake for all.

Riders wanted from East Village, Oak Ridge to any portal, straight day. **J. S. Elder**, plant phone 7733, home phone Oak Ridge 483-7905.

Ride wanted from vicinity of Fairmont Blvd., Whittle Springs Rd., Knoxville to central Portal, straight day. **Jerry Grubb**, plant phone 7085, home phone Knoxville 524-0503.

Ride wanted from West Knoxville to North Portal, straight day. **Tony Armstrong**, plant phone 7008.

Ride wanted from 404 Roberts-ville Road, Oak Ridge, to Central Portal, straight day. **Helen Cunningham**, plant phone 7213, home phone Oak Ridge 483-5756.

Ride wanted from East Drive and California Ave., Oak Ridge to North Portal, straight day. **W. J. Schill**, plant phone 7-8743, home phone Oak Ridge 483-8789.

Will join car pool from Florida, California, Oak Ridge to North Portal, straight day. **E. H. Waters**, plant phone 7168, home phone Oak Ridge 483-9698.

One car pool member wanted from Elm Grove vicinity, Oak Ridge, to Central Portal, straight day. **Al Stanton**, plant phone 7-8376, home phone Oak Ridge 483-3181.

Ride wanted or will join car pool from 100 Ashland Rd., East Village, Oak Ridge, to Central Portal, straight day. **Addie Lynch**, plant phone 7201, home phone Oak Ridge 483-4703.

Ride wanted from vicinity of South Knoxville to Central Portal, B Shift. **J. H. Humphreys**, plant phone 7786, home phone Knoxville 577-9860.

Ride wanted or will join car pool from Kingston via Gallahar Rd. to West Portal, F Shift. **R. E. Jones**, plant phone 7204, home phone Kingston FR 6-6221.

Car pool members wanted from Inskip, Norwood section, to West, Central or Bear Creek Portals, straight day. **Elmer Neeley**, plant phone 7-8835, home phone Knoxville 687-5489.

Hard work and no play is bad, but not nearly as bad as no hard work and too much play.

CARNATIONS FROM CLARA started the engagement party for **Nora Moss**, as **Clara Hicks**, left, pins the corsage on the honoree. The party was given Thursday, March 23. **Nora** plans a two week vacation to make plans for her wedding, which will take place in Oak Ridge, April 17.

National Carbon President Honored By Theater Owners

Theater owners of America at their recent convention in Los Angeles, Cal., honored **J. Roderrick Johnstone**, president of National Carbon Company, Division of Union Carbide Corporation. The organization gave him a gold life-time pass to theaters in their group and a citation praising the support given the industry by National Carbon. The citation continued, "Head man in our long dealings with National Carbon is **J. R. Johnstone**. The cumulative results of all his efforts are so great that we would now like to say thanks in a little different way." The gold pass is the second ever presented by the theater owner's organization.

Home Fires Killed 6,000 During 1959

Home fires, which killed 6,000 persons in 1959, have been named by the National Safety Council as one of the nation's chief accidental killers. The Council, in the 1960 edition of "Accident Facts," its statistical yearbook, reported that fires, burns and fatalities associated with fires were the principal death-dealer in the home to persons one-14 and 25-64 years of age.

Mechanical suffocation (main type: bedclothes smothering the victim) was the No. 1 home killer of infants under one year, firearms to persons 15-24, and falls to persons 65 and over.

AGE RESTRICTIONS HALTED

The state of Maryland has halted all age restrictions in hiring state employees other than police.

Continued from Page 2
tioning for a couple of weeks over at Greenwood, S.C., then to Augusta, Ga., to attend the Master's Golf Tournament, after which she will get down to the business of getting married (see picture of Engineering party for her elsewhere in The Bulletin) . . . **Betty Rose**, who used to toil in Plant Records, the Cashier and Travel Office Departments was warmly welcomed into **Dewey Foulk's** group recently . . . **Nora Hurst** happily observed her birthday yesterday, April 4 . . . More out-of-townners laying Easter eggs elsewhere were **John Gibson** and family down at Chattanooga . . . **Charley Chihasz** and family have moved into their new home at Loudon . . . **Kurt Delcours** is building him a nine-foot cruiser which will be launched in a nearby local creek shortly . . . Condolences are extended the wife of **Paul Williams**, whose grandfather, T. B. Howard, died a few days ago in Chattanooga.

From Instrument Engineering comes word that things are quiet in the department while **Sam** (Calorie Counter) **Hodnett** and **Earl Dunn** were attending the Temperature Symposium in Ohio . . . Welcomes are extended to **Sam Kinnamon** and **Leland Browne**, transfers in from ORGDP . . . and to new Co-opper **Maurice Greene**, who hails from Sneedville, Tenn. . . **Bill Phillips** got tired of traveling back and forth to a golf course, so he purchased a new home next to the Whittle's Course in Knoxville; he and Linda spent the Easter holidays with his family in Memphis . . . All by his lonesome at home, **B. B. Bell** recently installed a new bathroom, though there was no help and no supervision from any quarter . . . **Mary Bell's** friends are all eagerly awaiting her forthcoming book "The Advantages of Hiring a Contractor to Make Home Improvements" . . . **Lynn Noey** has been having difficulty keeping his control line model planes together while in flight . . . the motor comes off every time; any suggestions anybody? **Bruce Loffen** helped revise the Anglo-Saxon jurisprudence system recently in jury duty . . . **Stan Groothuis** organized and attended the recent tour of the facilities at Redstone Arsenal, Huntsville, Ala., over the long week-end—the event being sponsored by the Instrument Society . . . **Rasey Feezell** is teaching a course at ORINS on "Pulse Circuits" also sponsored by the ISA . . . Best wishes are speeded to **Dave Padgett's** wife, who is visiting her mother recuperating and leaving Dave with all the housecleaning.

The Eiffel Tower looks sorter like the Empire State Building after taxes.

MAINTENANCE

Process Maintenance processes good news that **G. D. Garrett** is back at work after recovering from injuries . . . **J. D. Hatmaker** reported a fine time attending the Grand Lodge in Nashville recently . . . **C. B. Newman** is all smiles around the joint this week, he has visiting him his daughter and son-in-law from Pensacola, Fla., who brought along little Cindy so "grand-pop" could spoil her a little . . . Sympathy is extended **J. K. Bush** whose sister died in Indiana recently, also to **C. Owens** whose mother-in-law died in Pidgeon Forge, Tenn.

Electrical wires along word that **N. L. Derryberry**, **W. H. Pool**, and **O. H. Cuthshaw** are vacationing in parts unknown . . . the department said good-bye recently to **J. L. Tate** who returned to Georgia Tech for classes, and welcomed in **R. M. Martin** back for

another quarter of co-opping . . . Get well wishes are speeded to **J. F. Johnson** off ill.

From Mechanical Maintenance is heard the word that **J. E. Holbert** has a new granddaughter, **Melanie Lee Miller**, born on March 1—weight eight lbs., two and one-half ozs. The mother is Mrs. **Blanche Miller**, formerly of Electrical. **J. R. Moyer's** wife has been confined in the hospital with pneumonia, and a speedy recovery is wished for her . . . **W. J. Wananker** was welcomed back after a bout recently with illness . . . Vacationers in parts unbeknownst to folks around the department are **Gordon Adams**, **A. E. Morton**, **Elmer Sharp**, **T. W. Stinnett**, **John Sinclair** and **L. E. Redmon**. In the hospital are **George Edmonds** and **E. A. Marler**; while **O. B. Ball**, **H. R. Loy** and **R. E. McGill** are convalescing at home. Get well wishes are sent all of them.

Research Services sends sympathy to **R. E. Wilkerson** whose father died recently . . . also to **J. V. Welch** whose mother died last week, and to **R. H. Gassay** whose father-in-law passed away . . . Get well wishes to **Warren Bass**, ill in the hospital. **Alice Boxley** is vacationing in Hamilton, Bermuda, getting acquainted with her new granddaughter.

WIFE: A woman who keeps breaking things all the time . . . like fives, tens and twenties.

MECHANICAL OPERATIONS

After the stampede last week of new employees, the Beta Four Heavy Machine Shop lifts its head to say that **Ed Harrell** is vacationing on the farm, doing all the little enterprises that are connected with such a hazard . . . **L. P. Stevens** is spending his vacation in a rocking chair—with the new baby in his lap . . . **R. E. Phillips** is entertaining visitors in his home . . . **J. H. Moore** is vacationing where and doing what no one knows . . . the Red Carpet is getting too shop worn (no pun intended) to roll out any more so strangers are given a hearty thump on the back and a loud "Hi" and they know that they're welcome . . . so a big thump and a loud "hi" to **George Byrd** and **Don Gooch**, from ORGDP, **H. T. Clark** from the Big Shop . . . **Homer Day** and **B. R. Cabage** from Sunflower and **Willie Cofer** from Assembly.

From the General Machine Shop Kathleen says that **Darryl Bowen** went fishing the other week-end, that he and **Leon Baird** took off to the Smokies the next day . . . report nary a flower in bloom in the great park . . . New babies in the department are a boy **Bryan Hilliar** for **Ed Hargis** born in the Charles Bacon Hospital in Lenoir City on March 27 at 7:11—weight seven pounds, 11 ounces . . . weight and time of day of arrival exactly the same; . . . also **W. E. Robinette** with a six-pounder on St. Patrick's Day . . . also **A. Craze** with a new arrival on March 27 in the Oak Ridge Hospital . . . no more details, no more babies . . . Vacationers this week in the shop are **F. E. Clevenger**, who went on unknown plans, **W. T. Arrowood** working at home; while **C. C. Moneymaker** and **T. J. Smith** are fishing, the later in the warmer waters of Florida . . . Last week vacationers were **L. C. Bell**, **J. R. Gresham**, **G. W. Carter**, **Max Whitley**, **C. L. Croson, Jr.**, **Fred Vaughn**, **Herbert True**, **Tom Howard**, **Fred Harvey**, and **E. J. Vann**, who didn't tell anybody either where they were off to . . . On the ailing list are **F. E. Shipley, Sr.**, **T. I. Reasor**, **J. M. Butts**, **J. H. Lauderdale**, and **K. P. Emmert** and best wishes are hurried that-

Several Children Of Y-12ers To Ride In Horse Show

Several Y-12ers' children will ride in the horse show the East Tennessee Junior Riding Club is staging in Oak Ridge this Saturday, April 8. The show will begin at 9:30 a.m. and will begin again at 2:00 p.m. after a lunch break.

All riders will be 18 years old or younger. There will be seven western, four pleasure, five hunter and jumper, twelve equitation, four gaited, one walking and one costume class, all making up the 34 classes in the show.

Among the Y-12ers' children riding are: **Daryleen** and **Alice Cunningham**, daughters of **W. D. Cunningham**, **Beryllium Fabrication**; **Jimmy Abbott**, son of **Norman Abbott**, **General Machine Shop**; **Mike Shotts**, son of **Ira Shotts**, **Timekeeping**; **Connie** and **Nancy Holmberg**, granddaughters of **Mrs. Lulu Justice** of the Mail Room; and **Jimmie Rodgers**, son of **E. J. Rodgers** of Maintenance.

away . . . Sympathy is extended to **H. T. Pless** whose father **R. T. Pless** died in Knoxville March 28 . . . also to **K. P. Emmert** in the passing of his brother-in-law March 25.

The Sunflower Shop is welcoming **W. F. Quimby** back to work after illness . . . and is sending good get well messages to **C. B. Williams** and **J. P. Parker**, now ill . . . **E. L. McGhee** reports he is going to get caught up on his fishing this week. **B. C. Dixon** vacationed last week painting his house.

Rolling and Forming rolled into town with the news that **W. W. Chase** and **H. C. Dickinson**, having returned from vacations, are all rested up after enjoying quiet weeks (and quite a week at that) spring cleaning around the houses for their mizzes . . . **R. S. Rucker** is enjoying his new foreign convertible, better described by folks in the department as a "flop top beetle bug" that sheds its shell in warm weather . . . **Joe Williams**, Rolling and Forming, accepted a challenge from **Jim Patterson** for a golf match with no holds barred . . . they could kick, throw, or putt the ball. "Pat" even offered to play left-handed, which was a gallant endeavor, indeed since Patterson is left-handed to start with. After Pat's inquiry about his opponent Flight Championship winner **Joe Williams**, he found out he had bitten off more than he could chew. He immediately developed back trouble and began to try to back out. However, a deal is a deal between gentlemen, so unless Pat could have come back with an AC-CEPTABLE excuse for calling off the match (fear of snakes, etc.), he has definitely lost the title of "Champion Golfer of 9215" to **Joe Williams**.

P. S. Williams stands ready to defend his title against any and all challengers in the future.

That's the news for this week, see you around. Meanwhile, we won't be remiss and fail to say goodbye to one of our favorite girl reporters and friends Ellen Culp. Happy landings, Herr Stork.

Y-12er's Daughter Plays In Junior Playhouse Fantasy

Ann Carey, young daughter of **H. S. Carey**, in Y-12's Beta Four Assembly and Forming Department, has an important role in the upcoming production by the Junior Playhouse in Oak Ridge.

The junior players will present "The Emperor's New Clothes," a beautiful fantasy with appeal to all ages, at 2 and 4 p.m. this Saturday and Sunday, April 8 and 9. The play will be given at the Playhouse in Jackson Square, Oak Ridge.

John Thomson, Jr. and Sr.

Jack Thomson Gets Master's Science Degree

Union Carbide's Educational Assistance Program aided **John Thomson**, an engineer in Y-12's Production Control Department, in obtaining his master's science degree last month from the University of Tennessee.

Thomson took his BS degree in Mechanical Engineering from the same school in June, 1949. He had previously attended the Pratt Institute, Brooklyn, N.Y., two years in day school in mechanical engineering, and three years of night school in chemistry.

The father of the happy graduate came down for the degree awarding, held March 18. Thomson Sr., lives in New York City.

Jack, as he is better known in Y-12, came to work in the plant September 17, 1951. He spent more than three years in the engineering branch of the United States Army.

Thomson readily praised the financial aid of the educational program. "It's a fine way for an employee to further his education, and it was an excellent opportunity for me in every way," he stated. Three years were required in obtaining the highly desired sheepskin. Thomson lives with his family at 143 Alger Rd., Oak Ridge.

Get well wishes are speeded to the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

Perry Suber and **Fred M. Henry**, Buildings and Grounds; **J. M. Butts** and **T. I. Reasor**, General Machine Shop; **James P. Murray**, Sunflower Shop; **George Edmonds** and **E. A. Marler**, Mechanical Maintenance; **W. E. Warren, Jr.**, Beta Four Assembly and Forming; **Edith Duckworth**, Product Processing; **Allie A. Baer**, Chemical.

"You've won the plant Safety Slogan Contest!"

Plastics To Build Marine Terminal

Facility Will Handle Resins From Texas

Construction of a marine terminal for plastic resins on the **Arthur Kill**, **Perth Amboy, N.J.**, has been announced by **Morse G. Dial**, chief executive officer and chairman of the board of **Union Carbide Corporation**. The terminal will be used by **Union Carbide Plastics Company** to serve its Eastern customers. Company-owned ships will move resins and chemicals from the Corporation's production plants in Texas to this East Coast terminal. **Site Conveniently Located**

The terminal, located on a 106-acre tract, was purchased from the **Lehigh Valley Railroad Co.**, and had served as a marshalling yard. The site was selected because of its central location in the East Coast distribution pattern. Another factor was its proximity to the existing marine terminal at **Carteret**, which is used by **Union Carbide Chemicals Company**, and the **Plastics Company's Bound Brook, N. J.**, plant. Both companies are divisions of **Union Carbide**.

The new facilities will include a "T-Pier" consisting of a wharf measuring 300 feet by 59 feet, with an approach trestle 300 feet long and 40 feet wide; a steel frame building to house unloading, repackaging, and storage facilities; and an office and shop. Auxiliary facilities include railroad sidings, roadways, a container storage area, truck docks, a large wharf-mounted crane, and straddle carriers.

Modern Methods Planned

The warehousing center will incorporate the latest warehousing and transportation methods. Resins from the Texas plants will be packaged in huge portable bins, each the side of a highway trailer. The loaded bins will be put aboard the **Union Carbide** ships and transported to **Perth Amboy**. Here, they will be unloaded by a traveling wharf-mounted gantry crane and moved into the warehouse by diesel-driven straddle carriers. The bins can be trans-shipped by highway truck trailer or railroad piggy-back, or gravity-emptied into storage bins. Additional terminal facilities include automatic packaging lines to fill railroad hopper cars, Sealdbin containers, and other containers of various capacities.

Playhouse Plans Membership Annual Meet For Sunday

The annual membership meeting of the **Oak Ridge Playhouse** will be held at 8 p.m. Sunday, April 9, at the Playhouse in Jackson Square, Oak Ridge. All Playhouse members are invited to attend to hear discussions on the past year's operations as well as plans for the coming season.

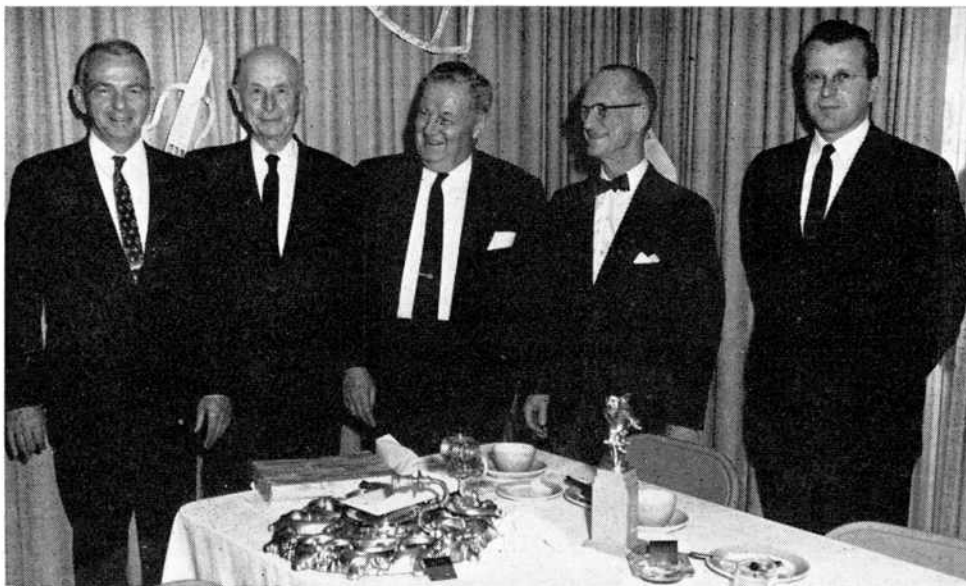

Refreshments will be served after the meeting.

Meanwhile, the Playhouse has announced in its production of **William Inge's** play "Bus Stop," a Franklin stove and a wooden bench and chairs (the types used in bus stations) are needed for the production which opens Thursday, April 27. Persons wishing to contribute such props for the production may contact **Marguerite Ebert**, Oak Ridge telephone number 483-6193.

Camera Club Meets Tuesday In New Cheyenne Hall Office

The **Carbide Camera Club** will meet at 8 p.m. next Tuesday, April 11, in its new quarters in **Cheyenne Hall**, Oak Ridge. The competitions will be open for black and white prints and flowers for color slides. **Kermit Ewing**, of the University of Tennessee's Art Department, will discuss art and photography.

Camera Club members are being reminded that the 1961 dues in the club are now due.

NEW MEMBER OF THE Y-12 "ALUMNI CLUB" IS GEORGE WHIPPLE DOBBS, center in picture at left, who retired last week after nearly 16 years of editing The Y-12 Bulletin. Others, from left, are former Y-12 Plant Superintendent John P. Murray, now Production Manager of Union Carbide Nuclear Company Plants in Oak Ridge and Paducah, Ky.; H. O. Ramey, formerly Superintendent of Industrial Relations Division in the Y-12 Plant who retired in 1952; Harold Ratjen, a

retiree of January 31 from Accounting and Budget; and present Y-12 Plant Superintendent Robert G. Jordan. At right the retiring Y-12 newsman at left is being presented with a plaque proclaiming him as "editor emeritus" by Y-12 Superintendent of Industrial Relations George W. Flack, second from left. Then comes the surprise guest at the party, George Whipple Dobbs, Jr., from Washington, D. C., and James E. Campbell, Personnel Services Department Head, under whose

supervision The Bulletin is published. The statuette immediately in front of the "editor emeritus" shows some character tossing a bovine creature over his shoulder and was presented the retiree accompanied by an engraved plate declaring him the "All-Time Y-12 Champion Slinger." Several standing ovations were rendered the retiring editor during the festive activities. The son's arrival made the party as far as everyone was concerned.

THE "LAST LONG MILE" OF Y-12 EDITOR EMERITUS GEORGE WHIPPLE DOBBS was punctuated by "surprises." In this layout are shown scenes at a surprise and belated birthday party for the retired newsman held March 28 at the Y-12 Cafeteria, tendered him by many of his faithful, charming, beautiful and capable departmental reporters. At left he inspects the handsome traveling bag presented him as a gift

in addition to four neckties packed inside. The center picture shows him surrounded and ready to surrender to the beauties on hand. Seated from left are Bobbie Hill, Barbara Guettner, Mildred Kidwell, Jo Ann Isham, Ellen Culp, Mildred Morris and Betty Ward. Standing are Genie Patrick, Naomi Hart, Desma Blair, Liz Campbell, Ruth Young, Jeri Kobisk, Elizabeth Johnson, Helen Sisson, Jackie

Ward, Ella Stansell, Kathleen Milligan and Loyd Sheffield. At the end of the refreshment period the departed editor insisted on savoring the flavor of the "leavings" on the cake cutter for the delight of the cameraman. Almost as many more departmental reporters were unable to attend the session. Dobbs' birthday was March 14, but due to illness on his part no party was held that day.

Former Editor

Continued From Page 1

end. Conniver Jim Young quickly hung up, then dashed out to get Jr. and hide him until party time. Conniver Bob Cantrell, also in on all the dealings, helped hide and fabricate the rest of the afternoon.

Editor Was Dumb

Editor Dobbs never caught on to any of the proceedings.

Special guests at the dinner party were Harold Ratjen and H. O. Ramey, both former Y-12ers who preceded Dobbs in retirement from Y-12.

Lawn furniture, an ice bucket, a wall clock and many other trinkets and tricks were presented and pulled on the retiring editor.

Cantrell Was Emcee

Robert T. Cantrell emceed the banquet. Other brief speeches were made by Superintendent Robert G. Jordan; Manager of Production John P. Murray; and a brief biographical sketch of the honoree was given by George Flack, Superintendent of Industrial Relations. Flack presented Dobbs with a certificate awarding the title of "Editor Emeritus" to him, plus an appropriately engraved trophy. James E. Campbell Personnel Services Department Head, gave Dobbs the gifts, and Jim Young bestowed a "press pass" on the guest of honor.

All in all it was quite a "wake." Nobody waxed sentimental, nobody got emotional and messy. No one had to tell Dobbs how genuine were all the feelings of all his friends at the special party.

The arrival, of course, of George W. Dobbs, Jr., to pay respect to his retiring father, made the affair one to be long remembered.

Earlier in the week, a group of departmental reporters for The

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12ers who will complete 15 and 10 years of Company Service within the next few days:

15 YEARS

Guy T. Wells, Special Testing, April 8.

10 YEARS

Carl E. Bennett, Product Processing, April 5.

Robert H. Burns, Z Area, April 5.

Mabel C. Butcher, Chemical, April 6.

Clarence E. Phillips, Electrical, April 9.

Thomas Kimbrough, Janitors, April 9.

Margaret B. Haggard, Beta Two, April 9.

Russell F. Moyers, Electrical, April 9.

June D. Sherrill, Chemical, April 9.

Floy A. Wells, Product Processing, April 9.

John W. Hill, Mechanical Engineering, April 9.

William D. Blevins, Process Maintenance, April 9.

Leroy A. Taylor, Tool Grinding, April 9.

Harold B. Williams, Special Projects, April 9.

Herbert F. Kidd, Jr., Product Quality Acceptance, April 11.

Lloyd E. Larue, General Machine Shop, April 11.

Bulletin honored the retiring editor with a combination birthday and retirement party at the Y-12 Cafeteria. Around 25 persons attended that affair, during which the retiring newsman was presented a handsome piece of luggage and some neckties.

Y-12 Credit Union

Continued from Page 1

board of directors of the Credit Union," said President W. R. McGill, who is a captain in the Y-12 Plant Protection Department. "It will enable us to serve our membership better in every way and we are justly proud that our dreams of so long are coming to life."

Mrs. Causey pointed out that the new building will allow for expansion to care for increased business of the Credit Union. She also stated that it is a trend among the larger credit unions of the country to own and operate their own buildings.

Ridge Group Gives 'Requiem' Saturday

Hector Herlioz's ambitious "Requiem" will be presented in joint concert by the Oak Ridge Symphony Orchestra and Chorus under the direction of Eugene Cohen, at 8:15 p.m. Saturday, April 8. The concert will be heard at the Oak Ridge High School auditorium.

The monumental requiem was originally written for 600 voices, and five full symphony orchestras, and musicalologists call it the first stereophonic music ever written. The choirs and orchestras were supposedly scattered throughout the cathedral. In the Oak Ridge presentation, 60 voices will perform with full orchestra and four brass choirs, located in various parts of the hall.

Several Y-12ers will be heard in solo and choral work in the presentation, as well as in the orchestra. The orchestra will be augmented in the brass section with members of the Knoxville Symphony Orchestra.

NEW Y-12 "ALUMNI" RECEIVE pension plan and retirement plan checks in Y-12 Superintendent Robert G. Jordan's office. From left, George W. Dobbs, former editor of The Bulletin; Carl E. Holt, General Machine Shop; Superintendent Jordan; Paul I. Fawcett, Stores; James P. Kirk, Area Five Maintenance; and Andrew W. Byford, Utilities. The five veteran Y-12ers retired last Thursday, March 30, with a combined total of more than 80 years of Company Service.

HERE IS A PART OF THE AGGREGATION OF GUESTS ATTENDING the retirement dinner for former editor of The Bulletin, George Whipple Dobbs.

ANOTHER FINE BASKETBALL TEAM in this region consisted of a host of Y-12 "children." The Karns Grammar School, of the Karns Community, is shown after finishing a very successful season. If Y-12ers, the fathers' names are in parenthesis. Seen kneeling in the first row from left are Van Elkins, Charles Hughes, Skippy Powell, Frank Williams (J. E., Product Processing), Buddy Ralston, Dennis Brown, David Harbin, Johnny Coffey (W. C., Research Services), Johnny Williams (J. E., Product Processing), and Gary Daniel (F. E., Process Maintenance). Seated in second row with the proud fathers behind them are Joe Price (C. J., Research Services), Buster Duncan (H. D., Project Engineering), Chris Cawood (C. F., Mechanical Maintenance), Tommy Jenkins (H. G., General Machine Shop), Buddy Huber (Frank, Oak Ridge National Laboratory), Eddie Coker (Roy, Electrical), and Mike Gordon, son of the late W. C. Gordon, formerly in the Y-12 Sunflower Shop. The fine team was coached by Roy Coker, Electrical, who lives in the Ridgedale community but for the past five years has coached the junior team at Karns. The basketballers finished the regular season of play with eight wins and one loss and went to the finals in the Knox County tournament, to lose in overtime competition.

Y-12 Atoms Trounce ORGDP All Stars In Final Period; Play-Off Is Necessary

The Y-12 Atoms remained alive in the Carbide Basketball League tournament by defeating the All-Stars of the Oak Ridge Gaseous Diffusion Plant last Tuesday, March 28, in a hair-raising game that saw the last quarter decide the final outcome of the match.

Trailing by 11 points at the end of the third quarter, the gallant Y-12ers rallied in the final period to score 26 points to the losers seven, thus winning the tight match 48 to 40.

Thus another game had to be played, since in the double elimination competition, both teams had suffered one loss only in the

tournament. This was the first loss to the ORGDP All-Stars, while the Atoms had fallen victims in one game with the All-Stars.

The game, to be reported next week, was scheduled for this past Monday, April 3.

In the tilt last week Edd Cothron and Jim George led the victors with 17 and 16 points consecutively, while Jim Motley and Jim Cox netted 13 and 12 for the All-Stars in their futile efforts.

Regular season champions, the Reactors fell earlier in the tournament and are no threat to the finalists in tournament tie-ups.

D Shift Rodeo Set For April 13

The D Shift Recreation Committee welcomes all Y-12ers to its Fishing Rodeo to be held at the Blue Springs Boat Dock, Thursday, April 13, from 12:01 a.m. until 5 p.m.

Many fine prizes are offered including a reel, rods, fish scalers, minnow bucket and stringer, thermos bottle, landing net and picnic jug. Dock prize is a very fine Mitchell reel. Free coffee will be provided all guests and free launching is also offered. Various species of fish are eligible for entry, including largemouth, smallmouth, crappie, pike or sauger, bream and rough fish.

WHEN DANES WERE RULERS

Queen Margaret, of Denmark, succeeded in uniting all Scandinavian countries under Danish rule. However, the nobles of Sweden rebelled in 1520, but Norway remained under Danish kings until 1814.

"I don't care if you are an ex-basketball player!"

First Fish Tale Of Year Is Good

The first fishing yarn of the season is so good it has to have space of its own. It seems E. W. Arrington, J. C. Chamberlain and R. E. Moneymaker, all of Rolling and Forming, decided to go fishing a Saturday or two ago. As they parked beside the lake, a woman drove up and let a hound dog out. The dog joined the trio in the expedition, the woman drove away.

After finishing the day off with three crappie and four shad, the anglers prepared to go home. Backing up the car, Moneymaker heard a terrific yelping and out dashed the hound dog—his head unbowed and apparently unhurt, since he tore off without even a limp. To cap the stack, Moneymaker got a speeding ticket on the way home.

To other Isaac Waltons wanting to know, they used "Motley's Hattiebugs" for bait . . . and never to go fishing again on Saturday. So the story of three, crappie, four shad, a hound dog and a speeding ticket ends.

B Shifters Plan Rodeo For Friday

B Shifters in Y-12 are all set for the big fishing rodeo planned for Friday, April 7. The affair is planned for White's Creek Dock, a few miles below Rockwood.

Barbecue grills, picnic tables, tackle boxes, and many other fine prizes are offered for top anglers. Details of the event can be obtained from Ray Ellis, plant phone 7-8280.

Worry often gives a small thing a big shadow.

Pin Busters Take Bush League Final

Roll-Off With Beavers Played Monday, April 3

The Pin Busters captured the championship of the second half of play in the Bush League for Y-12 bowlers last Monday, March 27 by taking the Rollmasters by the "skunk" score of four points. This necessitated a roll-off between the Pin Busters and the Beavers, winners of first half play. The Beavers finished first half rolling with a won-lost point record of 49-23; the Pin Busters finishing last half with 26-10. The roll-off was held Monday night, April 3, and will be reported in next week's Bulletin.

Other March 27 play had the Lucky Five post a three-point win over the Rollniks, with the Beavers ramming the Rodders, and the Hi Balls railroading the Balls O'Fire by the same margin. The Nine Pins took a four-point forfeit from the defunct Alley Gators.

Highs of the night were rolled by Ron Taylor, Rollmasters, in single action with a 226 boosted to a 257 in handicap. Dick Huber, Beavers, took series scratch tops with 605, and George Cantrell, Pin Busters, rolled 663 in handicap series. Team highs were practically scooped by league-winning Pin Busters' with 907, 1035, and 2577 topped only by the Beavers' series handicap score of 2963.

Second-half season highs were taken by Sam Campbell, Beavers, in singles with 236 and 261; and individual series highs went to George Cantrell, Pin Busters, with 619, and 682. The top dog Pin Busters also swept season highs with 967, 1083, 2727, while the Nine Pins came in with a fine 3119 for series handicap tallies.

Final league standing follows:

Team	W	L
Pin Busters	26	10
Lucky Five	25	11
Rodders	24	12
Beavers	21	15
Nine Pins	21	15
Rollmasters	19	17
Rollniks	18	18
Balls O'Fire	15	21
Hi Balls	11	25

Ruby O'Kain Helps Toppers Stay Tops

Thanks to Ruby O'Kain's mighty performance on the hardwood, the Toppers maintained their slim lead in the Y-12 Mixed League for bowlers last week by taking the Phantoms by three points. The only whitewash score of the evening was taken by the Scrappers over the Cool Cats. Other three point wins had the Pin Plasters over the Goofers, and the Nip and Tucks over the Alley Cats.

Only Ann Rackley, Scrappers, kept Ruby from sweeping all individual top honors with her 586 handicap series score. The O'Kain lass, who by now should be accustomed to such honors, had a 202, scratch game, boosted to 227 handicap, and a 484 scratch series score. The Scrappers swept team honors with a 704, 838, 1900, 2302.

League standing follows:

Team	W	L
Toppers	40½	11½
Scrappers	39	13
Pin Plasters	29	23
Nip and Tucks	25½	26½
Goofers	24½	27½
Phantoms	19½	32½
Cool Cats	16½	35½
Alley Cats	13½	38½

Procrastination is a fault that most folks put off trying to correct.

"Sparky" says:
Don't Give Fire
a Place to Start!

THIS WHOPPER of a largemouth bass is a likely candidate for top honors in the Y-12 Annual Fishing Contest. The lunker was caught by Sam Edmonds, Stores, from Watts Bar Lake, using a jig with pork rind lure.

Bumpers Uphold Lead In Classic

Swingsters, Smelters Tied For Second Place

The Bumpers hung onto their lead in the Classic League of Y-12 bowlers last week with a full-count four pointer over the Playboys, as R. Vanderpool displayed some fancy pin plastering with fine individual games. Other whitewash scores of four were gained by the Smelters over the Eightballs, the Has Beens over the Tigers, and the Markers over the Wolves. The Swingsters swung at the Rippers and hit for three points, while the Rebels romped over the Screwballs by the same score. The Wasps—Sportsmen affair ended in a two-to-two draw, as did the All Stars-Cubs match.

The Bumpers' Vanderpool took singles with a 222, widened to a 245 with handicap; while Arnold Tiller, Rebels, took scratch series scoring with a 592. The two capable pinmen tied for handicap series tops with a 643.

Team honors went to the Rebels in singles play with 918 and 1037, while the league-leading Bumpers took series play with a 2597 and 2960.

League standing follows:

Team	W	L
Bumpers	42	14
Swingsters	37	19
Smelters	37	19
Sportsmen	33	23
Rippers	32½	23½
All Stars	32	24
Has Beens	30½	25½
Wasps	30	26
Rebels	28	28
Cubs	25	31
Eightballs	23	33
Wolves	21	35
Screwballs	20½	35½
Playboys	20	36
Tigers	20	36
Markers	16½	39½

Injuries At Work Costly To Industry

Although workers suffer more accidental deaths and injuries off the job than on, work injuries in the last 10 years cost industry the equivalent of eight months of production. So reports the National Safety Council in the 1960 edition of its statistical yearbook, "Accident Facts."

The booklet, which contains facts and figures on all kinds of accidents, shows that during the last decade the total time lost from work injuries amounted to nearly two and three-fourths billion man-days—equivalent to the shutdown of all the nation's manufacturing plants for more than eight months.

HEART DISEASE FOUGHT

Some 250,000 volunteer collectors will start a door-to-door appeal in Australia this summer to raise \$3,375,000 to fight heart disease.

Life isn't a bowl of cherries; it's a bunch of raisins—raisin' heck, raisin' kids, and raisin' money.

19 Y-12 Teams Set For Tourney

Total Bowlers In All Carbide Race Below Last Year's Number

Y-12 bowlers are all set to roll in the All-Carbide Bowling Tournament which opens this weekend, April 8-9, at the Ark Bowling Lanes in Oak Ridge, and will be continued the following weekend, April 15-16.

From all three plants there are 64 men's team, with 113 bowlers in singles action, 226 in doubles, and 201 participating in all-event play. In the female column there are 19 women's teams, with 35 distaff bowlers in singles action, 70 in doubles, and 62 planned for all-events.

From Y-12 alone there are 16 men's teams, and 3 women teams.

While these are below the 1960 entries, competition promises to be keen and challenging. Y-12 will be out to better its showing in last year's three-plant tournament. Last year 86 men's and 25 women's teams rolled in the 1960 competition.

Big Five Regains Top In C League

Top contenders for the upper berth in the C League for Y-12 bowlers got shuffled again last week. The Big Five, in March 27 pin knocking, slapped the SPs down by four points, thus taking away first place. The only other full whitewash score was the Chillers de-icing of the Sunflowers. Three-point wins were taken by the Alley Cats over the Beta Four team and the Hilifers over Hookers. Split scores were posted by the C Shift—Ramblers, and the IBMs—Par Busters.

The red hot Big Five pinmen took all individual scoring honors with G. E. Valentine's 245, 264, 604 tallies and Ben Alexander's 663 handicap series game. However, the Hilifers took team single honors with 992 and 116, while the Big Five came through again with 2696, and 3025 in scratch and handicap series scores.

League standing follows:

Team	W	L
Big Five	40	20
SPs	37	23
Alley Cats	36	24
C Shift	35	25
Hilifers	31	29
Beta Fours	30	30
IBMs	30	30
Hookers	28	32
Chillers	28	32
Ramblers	27	33
Par Busters	22	38
Sunflowers	16	44

Frances Goodwin

Clinton Co-Ed Wins Grant In Drama Studies

A full scholarship for the 1961 Mississippi Southern College summer theater program has been awarded to Miss Frances Goodwin, daughter of Mr. and Mrs. Andy T. Goodwin, of Clinton. Miss Goodwin, with looks to match her talent, is attending Blue Mountain College for Girls, Blue Mountain, Miss. Her father is in the Y-12 Mechanical Maintenance Department.

The scholarship is awarded to a highly qualified student each year to work with the professional-type theatrical group. The Mississippi College, in Hattiesburg, Miss., presents a rigid schedule of summer productions with a name star in each one. Five performances of a play are given each week, and the productions vary from serious drama, comedies, and at least one musical. Regular classes in drama production are conducted along with the plays.

The talented young lady is a junior majoring in speech and drama at the Mississippi school. Very active in campus life, she is currently assistant director of the school's presentation of Shakespeare's "The Tempest."

AIEE Will Show Fusion Film At April Meeting In Ridge

The Oak Ridge Section of the American Institute of Electrical Engineers will meet at 7:30 p.m. Thursday, April 13 in the Coral Room of the Oak Ridge Recreation Hall. A movie, "Research Into Controlled Fusion," will be shown. The sound film is in color.

The public is invited. More information of the meeting may be obtained from R. E. Hill, plant phone 7081.

COAL PRODUCTION UP

Belgian coal production totaled 16,700,000 tons in a nine-month period, thanks chiefly to a boost in the output in the Campine Basin area.

Husband: "Where is all the grocery money going that I gave you?"

Wife: "Stand sideways and look in the mirror."

Work Mishaps Toll Drops During 1950s

The National Safety Council has tabulated the nation's accidental death and injury toll from work accidents in the last 10 years.

During the decade of 1950-59, the Council reports in the 1960 edition of "Accident Facts," its statistical yearbook, 145,300 workers were killed on the job, and 19,500,000 workers suffered injuries disabling beyond the day of the accident.

The accident toll during the 1950s, said the Council, was 5,000 less than the toll during the preceding 10 years. The decrease was brought about in the face of a substantial rise in employment during the decade.

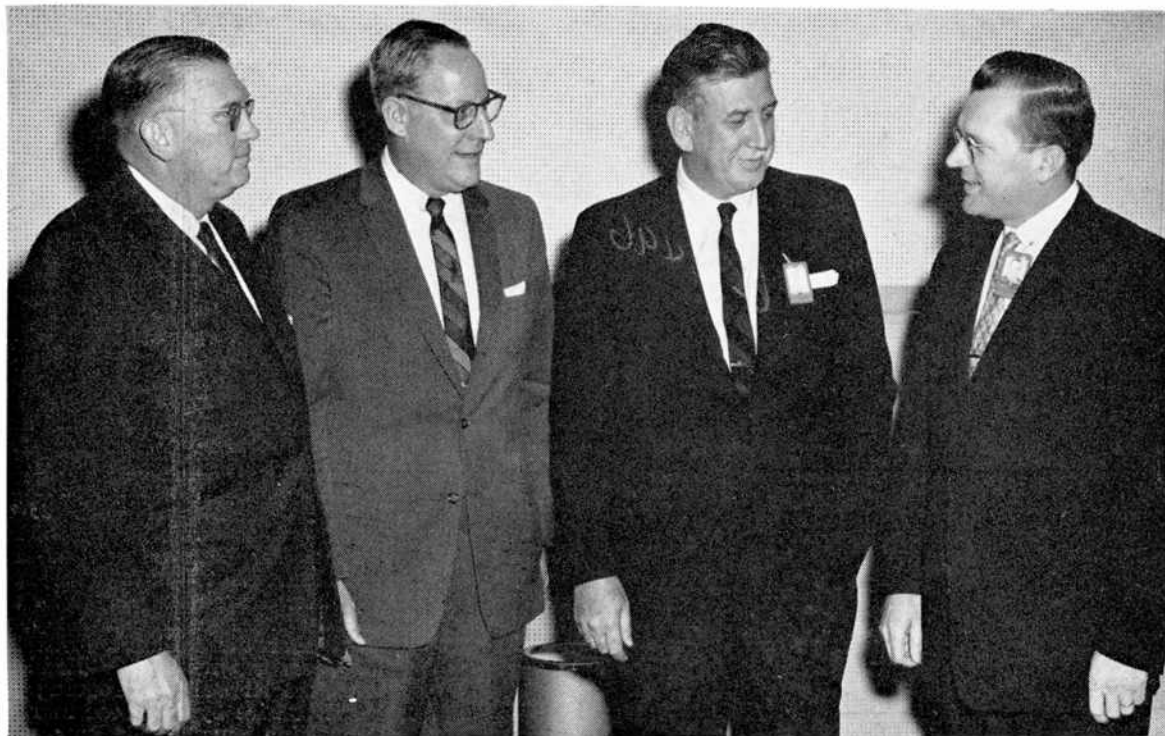

'Ribbonrail' Plant Opened By Linde In Pennsylvania

The first of a series of "ribbonrail" welding plants to be built by the Linde Company, division of Union Carbide Corporation, has been dedicated at Harrisburg, Pa. The plant now is welding standard 39-foot lengths of rail, supplied by the nearby Bethlehem Steel Co. Steelton Mill, into continuous welded rail for the Pennsylvania Railroad. The "ribbonrail" does away with the noisy rail joints on ordinary railroad tracks and is rapidly being adopted by rail lines throughout the country. Linde is planning other similar plants to supply other roads with "ribbonrail" under contract.

Linde Announces New Oxygen System For High-Flying Craft

The Linde Company, division of Union Carbide Corporation, has announced a new compact liquid oxygen system to be used in high-altitude naval aircraft. The new liquid oxygen converter is designed to supply breathing oxygen for pilots and is especially designed to save space and weight. The new unit supplies the needed oxygen in less than one-seventh of the space required by gaseous oxygen. More than 180 pounds is saved with the new converter, which weighs only 44 pounds.

Security is a full time obligation.

VISITORS FROM THE NEW YORK OFFICE of Union Carbide Corporation visited the Y-12 Plant, Friday, March 24, to review purchasing procedures in the Oak Ridge operations. From left are J. A. Elkins, general purchasing agent for UCNC in Oak Ridge; William J. Hann, of the Purchasing Department in the New York Office; Herman Intemann, vice president in charge of purchasing, UCC; and Y-12 Plant Superintendent Robert G. Jordan. Hann was formerly head of purchasing in the Paducah, Ky., UCNC plant and also worked in purchasing in this area.

Leave Monkey Business To Monkeys—

Y-12ers Urged Not To Fall For Hazard Traps Like Zulus Lay For Unsuspecting Simians

Don't monkey around like a monkey!

In the middle of darkest Africa lives a tribe of people called the Zulus. They have an ingenious and unique method of capturing monkeys.

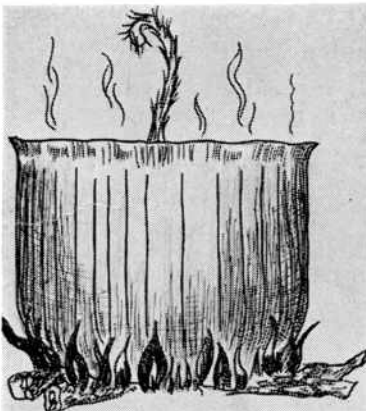

A small hole is cut into a ripe watermelon on a vine. As all Zulus know, melon seeds are the favorite delicacy of monkeys. The hole is just large enough to admit the monkey's outstretched hand—but not large enough to withdraw the clinched fist full of melon seeds.

It's a dirty trick to play on any monkey.

The poor simian might struggle and scream for hours, but he just won't release the seeds to get out of the trap. As any Zulu knows, a monkey doesn't have enough sense to keep his hands out of danger and he gets caught every time.

So—the last days of a monkey and his end in a monkey stew are graphically depicted in the accompanying sketches (drawn for The Bulletin by Jeri Kobisk, Special Projects.)

Sad to say—the monkey is not alone when it comes to keeping his hands out of danger. Every day many humans (possibly including some Y-12ers) place themselves in a position of danger much as does the monkey. They put their hands in unsafe, hazardous positions and locations. Then can follow pain, anguish, lost time and misery as the result of placing one's hands in unnecessary jeopardy.

Since Y-12ers use their hands constantly on and off the job, they are vital. Without them, most Y-12ers just wouldn't have a job. This makes hands one of the human's most important assets.

Right now the Y-12 Safety Department is circulating pamphlets throughout the plant with the challenging title "Buddy, Can You Spare A Finger?" The pamphlet points out the extreme handicaps faced by persons with crippled hands. The message is expected to have a terrific impact on employees whose livelihood depends on maintaining their hands in good condition.

So—Y-12ers are urged to constantly remember that their future rests in their hands—and

Don't monkey around like a monkey—leave monkey business to the monkeys.

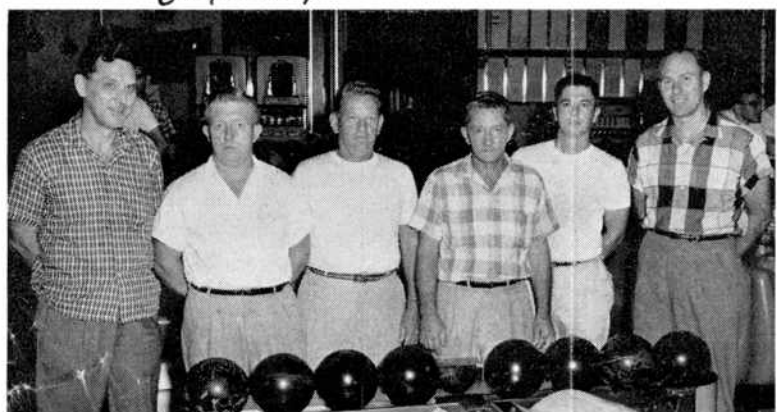

'Rare Earth Crystals' Is Topic Of Next ORNL Physics Seminar

Oak Ridge National Laboratory's Physics Division Seminar announces a discussion on "Electrical and Magnetic Properties of Rare Earth Single Crystals." The seminar will be conducted in the Central Auditorium of Building 4500 at 3:15 p.m. Friday, April 7.

Interested technical personnel are invited to attend the seminar. The discussion will be led by S. Legvold from Iowa State University, Iowa City, Iowa.

WHAT'S THIS ABOUT TAXES?

In 1958, New York state led the nation in number of individual income tax returns filed for incomes of \$1,000,000 or more with 70. California reported 23 such returns, Delaware 21, Pennsylvania 20—and Texas had only 17.

TWO STRONG TEAMS IN THE C LEAGUE of Y-12 bowlers are pictured above. At left are the Beta Fours, bowlers from left being C. W. Craven, J. W. Halsey, C. R. Anderson, E. A. Hawk, W. E. Ramsey and Capt. Bill Sahr. The Hookers are at right.

From left are Tom Bishop, Capt. J. J. Henry, Jim Gary, Ray Gassaway, E. M. Massey and Wayne Amsbury. Both teams offer stiff competition to all comers in the C League.
